A WORD FROM THE COMMS COUNCIL

We've probably all heard people say that creative awards don't matter. That they're simply the industry talking to itself and that clients don't really care about them.

These people couldn't be more wrong.

Awards programmes like Axis are about recognising creativity and the evidence in favour of creativity is not only overwhelming but is continuing to mount. The statistic from Peter Field and Les Binet that stands out the most is this "Creatively awarded campaigns are nearly 10x more efficient at increasing share of market than other campaigns".

Creativity therefore is at the heart of strong brands and at the Commercial Communications Council we believe in the vital importance of The Brand and therefore of brand-building communications.

Without the intangible assets of strong brands, businesses grow more slowly, are less profitable and less valuable. It is incomprehensible to us that any business might want to walk away from brand building. But walking away is exactly what has been happening in recent years, spurred by short-term pressures to drive sales in other less beneficial ways.

If we do not re-engage with brand building, New Zealand's brands and businesses will suffer and eventually die: this is not a frivolous issue – it is about our economic vitality.

We need to lead businesses back to believing in their brands and the power of creativity. The work you do that is celebrated at Axis is at the centre of that process, so good luck to you all.

PAUL HEAD

CEO, COMMS COUNCIL

PAUL WILSON

2019 CHAIR

I'm excited to be involved in in the 39th year of the Axis Awards. People often try and achieve major milestones before turning 40 and becoming all sensible. So, as we enter the last year of our 30's, we're expecting some big things this year at Axis.

THE CONVENOR'S WISE WORDS

There are a lot of good ideas out there, ideas that make us stop and think. But the truly great ideas stop us in our tracks because of how they make us feel. They make us laugh, make us cry, make us jealous ...the best work provokes an emotional reaction from the audience.

Yes, the usual questions will be asked of the work.

Is it original and inspiring?

Is it exceptionally well-executed?

Is it relevant to its context?

But most importantly, Axis is looking to celebrate the work that leaves a lasting impression on us, the work that truly moves us and in turn moves the industry forward.

Welcome to Axis 2019. Can you feel it?

SHANE BRADNICK

2019 CONVENOR OF JUDGES

WHAT'S CHANGED THIS YEAR?

CRAFT

In the craft category, the animation category has been expanded into *new 2D and 3D sub-categories.

PR & BRAND EXPERIENCE/ACTIVATION CATEGORY

A *new category awarding the “Use of Technology in PR” has been added. This will award technology that pushes the boundaries of digital innovation to execute or support a PR campaign.

DIGITAL AND INTERACTIVE

A *new category “Influencer” has been added, which expands on from “Use of Social Media”. Entries in this category will need to demonstrate how the creative use of influencers or brand ambassadors, collaborative and user-generated content led to an increase in a brand or organisation’s reach and awareness and/or to drive business results.

RADIO / AUDIO

A *new category awarding the use of “Voice” has been added. Judges will award great use of innovative voice-activated technology. Think ‘Google Home of the Whopper’. Any length.

MEDIA

We have added an integrated sub-category into the Media category.

BRAND AXIS

This is only the second year for this award. The award will shine a light on the major brand-building work that has been the result of a successful creative collaboration between agency and client, here in Aotearoa. It will be awarded to both a Marketing Client and their Agency who have created excellent creative brand work for five + years. The deadline for these entries is later – Friday 16th February. This award will be judged by the Executive Judging panel.

Please read all entry categories carefully this year.

GOOD LUCK

TERMS & CONDITIONS

ELIGIBILITY AND RULES

The New Zealand Axis Awards celebrate the best work written, produced, developed and managed locally from 2018.

1. Any work commercially released and first published or aired between 1st January 2018 and 31st December 2018 is eligible for entry. HOWEVER, work that was entered for Axis 2018 is not eligible to be entered again for Axis 2019. Work entered in previous years is only eligible as part of a campaign entry and only when outnumbered by new advertisements of the same campaign.
2. Work created in New Zealand for overseas markets (which did not run in New Zealand) is now eligible in all categories and is eligible to be entered for the Grand Axis (not including Charity entries). Proof will be required however, that the work was NZ originated, developed and creatively lead by a NZ creative team. If this proof is not sufficient then the entry may be marked down by the judges or be deemed ineligible.
3. Work that has run overseas in the Craft category is eligible. However, the director/editor / cinematographer/3-D designer/ animator/composer/sound designer or arranger MUST be domiciled in New Zealand.
4. Overseas production companies can submit work provided the work was run in New Zealand. Production companies who have an overseas office don't have the right to enter everything they do from that office just because head office is in Auckland.
5. Entries submitted must be those versions that were produced in response to a genuine brief from a client and were made available to the public through legal mediums. Advertisements for which there is no client or that were not commissioned by a client (i.e. scam ads) will not be accepted. The judges reserve the right to request a full media schedule from each entrant company to verify the authenticity of the ad(s) in the event that entry is a finalist or winner. Director's cuts will not be accepted. Advertising agencies' own advertisements including self-promotional items or situations vacant ads are not eligible for entry.
6. "Call for entries" campaigns are not eligible for entry.
7. Agencies, typographers, photographers, design agencies, commercial businesses, freelancers and production companies may submit entries.

CRAFT CATEGORIES

8. Campaigns cannot enter craft categories. Single executions only.
9. Agencies cannot enter Craft categories 1–11 (unless the agency itself was responsible for the crafting of the work rather than commissioning it).
10. Agencies can enter Craft categories 12–19.
11. Category 19 is accepted as an agency craft category, but any photographer/ illustrator/ re-toucher is also eligible to enter.

12. Charity entries can be entered into any craft category by agencies and production companies as above.
13. If an entry requires an explanation to describe its context, please provide this in the 'Notes' field of the online form. The description is a maximum of 100 words.
14. Check with your Production Company or Agency before entering work to avoid duplicate entries. Please note that the Comms Council does not refund for any duplicate entries. If a piece of work is entered more than once into one category, the Comms Council reserves the right to remove one of those entries from the Awards. In the case of entries in the Craft category, if both a production company and an agency enter the same work, the production company's entry will be favoured over an agency's. In the case of all other categories, if both an agency and production company enter the same work, an agency's entry will be granted favour.
15. The jury reserves the right to move entries to another category if it is felt they have unintentionally been entered into the wrong one.
16. Note re Public Service: Public Service (advertising paid for by a government department or non-commercial body) can be entered in any category and is eligible for any award including a Grand Prix and the Grand Axis award.
17. If an entry is submitted in any category (other than category For Good) for a commercial brand using a corporate social responsibility strategy that benefits a charity, please note that you will be contacted to explain the commercial benefit for the brand prior to judging. This work cannot be entered into any Charity category.
18. Entries, which, up to and including the final date of judging, have had a complaint upheld by the Advertising Standards Complaints Board, will not be accepted, unless they have been subsequently modified to comply with the Codes of Practice. It is the responsibility of the entrant to withdraw such work should an infringement arise prior to the Axis Awards show.
19. If you are going to enter a hype video or case study, it can be no longer than two minutes duration.
20. You may be asked to provide a 30' version if you make it through to finalist stage.
21. Eligibility & Declaration Form: Entrants are required to complete the Eligibility & Declaration form for each entry acknowledging that the entry is a true and accurate representation and giving permission for the Comms Council to use at their discretion any material submitted for the COMMS COUNCIL AXIS Awards. The Eligibility & Declaration form must be signed by the Creative Director (or equivalent) for the entry to be eligible. The Eligibility & Declaration Form is automatically emailed when first creating the entry online.

TERMS & CONDITIONS OF ENTRY

1. The decision of the judging panel is final and under no circumstances will debate or correspondence be entered into.
2. The entrant agrees that the Comms Council will not accept responsibility for errors or omissions or for work lost or damaged under any circumstances.
3. Entrants are responsible for ensuring that they have the right to use the images and/or music contained in their entry material. This should include use in, but is not restricted to websites, partner company websites and other public domains.
4. The entrant grants the Comms Council permission to show the entries at the Axis Awards show and at other times as they deem appropriate in association with the Axis Awards. It is a condition of entry that the Comms Council reserve the right and shall be permitted at all times to use, at their discretion, any material submitted for Axis Awards on the Comms Council websites, in promotional material, historical reference, articles and such other means as they deem appropriate for such material.
5. Entrants will be notified that they have achieved finalist status and only then will they be asked to provide full credits which will be used as the Comms Council deem appropriate.
6. IMPORTANT: Credits will appear on screen at Axis awards as you provide them – please take care when supplying credits.
7. All entrants are to collect their materials from The Conference Company after the Axis Awards show. Entrants will be contacted to arrange a courier at their own expense.

PROCEDURE & ENTRANT INFORMATION

REGISTRATION

- Click on the link to the online registration and submit the requested details which include a username and password, Agency/ Production Company name and contact details. The contact details requested are for the individual responsible for that entry.
- Your username and password allow you to update or change details if need be.
- You must accept the terms & conditions of entry (as outlined previously).

ENTRY DETAILS

- Entry details are entered online and include the entry title, type of entry (single or campaign), category entered, client/ advertiser and date the work first appeared.
- The same entry may be submitted in more than one category (under the rules), but please note that each individual entry must have its own entry form, entry number and supporting materials.
- If you are entering your work into more than one category and boards are required, you must provide separate A2 boards for each category. Boards cannot be transferred from category to category during judging.
- When you have completed filling in the details of your entry, an entry number is automatically generated. This will be emailed to you together with a summary of your entry and an Eligibility & Declaration Form for each entry.

- For an entry to be deemed accepted by The Conference Company you must provide one signed Eligibility & Declaration Form for each entry. (The form is attached to your entry confirmation email). You may submit either a hard copy or an electronic copy. If the form is not received by the first closing deadline this will render the entry late.
- For an entry to be deemed accepted by The Conference Company, all supporting material that is to be submitted online must be submitted by the entry deadlines. If it is not received by the first closing deadline this will render the entry late and as such the entry will become subject to a late entry fee. (Refer fees page)
- For an entry to be deemed accepted by The Conference Company you must also provide your method of payment. You will need to either enter your credit card details into the system as you complete your entries or pay by bank transfer to the Comms Council
- Late submissions of any material will not be accepted under any circumstances.
- The entry, links, hype videos, hard copy and supporting material **MUST NOT** contain any entrant/agency or contributing company branding to ensure impartial judging. This includes logos and the written names.

DEADLINES

- Entries must be submitted to The Conference Company and received by 4.00 pm on Tuesday 22 January 2019.
- Please note a late entry extension is available. However, for those wanting to use this, there will be a late payment fee payable, being the lesser amount of double the entry fee + GST or entry fee plus \$1,000 + GST each late entry.
- Prior approval for the late entry extension must be obtained from The Conference Company by emailing axis@theconferencecompany.com or calling 09 360 1240 before 4.00 pm on Tuesday 22 January 2019.
- A late entry must be received by The Conference Company by 4.00 pm on Thursday 24 January 2019 and must be accompanied by the late payment fee.
- All supporting material must be uploaded by the deadlines noted above, for the entry to be accepted as complete.
- **All hard copy material must be received by The Conference Company by 4pm on Friday 1 February 2019 for the entry to be accepted as complete.**

SUPPORTING MATERIAL REQUIREMENTS

Please adhere to the supporting material requirements for each category you are entering. Try to remember the judges are judging your actual work. They are not judging your ability to talk an Academy Award-winning director into shooting a two-minute hype tape. If your idea requires choreography to explain it, the judges have the right to ignore it. So please stick to the guidelines.

Case studies/hype videos can be supplied (**max 2 mins**), along with any hard copy material that supports your entry. This year **finalists will also be asked for a 30' version** of the hype reel that will be played at Axis 2019 should you win serious metal. We will not play the 2-minute version.

The onus is on the entrant to ensure any case studies/hype videos are specific to the entered category and not relating to another category the same work is also being entered into. If the judges believe the material is not relevant to the category they are judging, they have the right to ignore it.

Please refer to the separate table (on page 13) showing what material requirements are required for each category.

A2 PRESENTATION BOARDS

- Show only one entry per board.
- For the Out-of-Home category, the boards should show the work in context.
- A campaign entry should show all elements of the campaign on one **A2 board only**, but only those elements which are related to the campaign. Do not include elements of the entry that are included in another category.
- Mount work on 1 rigid A2 board (420 x 594 mm).
- Please do not stick declaration forms to the back of the boards as this makes them sticky and difficult to “store” next to another board.
- Do NOT use foam board, use mount board instead.
- Portrait style is preferred.
- Please **label the back of each board** with the entry number, entry title, type of entry (single or campaign) and the category entered.
- For the purpose of judging impartiality, do NOT put your agency/company logo or branding anywhere on the board.
- Do NOT put the entry number or category titles on the front of the board.
- Do NOT send un-mounted work, rolled prints or taped boards. They will be returned at your cost.

UPLOAD FILE FORMATS

Entries must be submitted online via the upload button. Files are to be uploaded in the following formats where requested.

Credits:

- Requested from finalists only.

Descriptions:

- Requested in Craft categories only.
- These should be entered in 'notes' field of online form if necessary and are limited to 100 words.

Images:

- JPEG, RGB, 300 dpi.
- Size: the longest side must no longer than 420mm.

Supporting/Hype Video:

2 minutes max. If your video exceeds 2 minutes, then the jury reserve the right to end the judging after the 2-minute mark. This year we will also be requesting a 30 Edit of any hype tapes or work that may appear on the night of the Axis Awards should the work win serious metal. Full hype tapes will not be played at Axis so if an edit is not provided the hype tape will stop after 30 seconds. Edits should be supplied at same time as credits and couriered on a labelled memory stick to The Conference Company.

Film/TVC/Screen Content entries/Hype video:

- QuickTime, MP4 or MOV.
- Files should not exceed 50MB.
- Please ensure your entry begins at the first frame only and does NOT include the clapper board or title information.
- Please ensure one file contains one commercial only. When uploading campaigns, each spot must be uploaded separately.
- The preferred aspect ratio is 16:9.
- Spots will be viewed on a 16:9 screen for judging.
- Always do a preliminary quality check before submitting your work.

Widescreen Entries

Widescreen (16:9) entries should be submitted with a frame size of 1920 x 1080 (minimum 1280 x 720) using H.264 (mov) compression at up to 59.94 frames per second. The data rate for the file should be limited to 8 MBps (8196 kbps). All entries that have been produced in HD have to be submitted in HD, SD down conversions will NOT be accepted.

Standard Entries

Standard (4:3) entries should be submitted with a frame size of 1280 x 720 (with black pillars on the sides to expand to the 16:9 frame size) using H.264 (mov) compression at 29.97 frames per second. The data rate for the file should be limited to 8 MBps (8196 kbps).

Radio/Sound entries:

- .WAV, MP3
- Ensure entry is submitted in Stereo, in a high-quality WAV, 48 kHz at 16 bits or more.
- Please ensure one file contains one commercial only – please do not send multiple commercials in one file.

Radio Scripts:

- An electronic plain text version of the script must also be submitted online. PDF or Word.

URL submissions:

- All entries that have appeared online must be submitted as a URL linking to an online version of your entry.
- Banner ads must be presented on a mocked-up example of the website they appeared on, or as they appeared online.
- Viral movies on either the original YouTube, Vimeo or campaign URL they were uploaded to.
- Websites & campaign sites if no longer live to be hosted on a URL if possible and definitely recommended. If this is not possible a video walk through of the site is suggested. If there is a particular walk through or journey you would like the jury to follow, a video of this journey is recommended.
- Award entry URLs showing all elements of an online campaign are also suggested for Interactive Campaign and Innovation in Digital entries.
- Please provide a username and password if the entry is on a secure site.
- The domain name must not identify the agency.

Apps or mobile technology

- If your work is an app or is displayed on a mobile device and you would like the judges to see the work in this way, please provide details for downloading the app.

Important Note re Hard Copy material being submitted:

If your work becomes a finalist, it will be judged online by the international judges. If you are submitting hard copy material, international judges will not be able to see it, so it is in your best interests to upload online examples or a case study outlining this material by the entry closing dates.

Remember it is about showing THE WORK, not the hype video. Well-presented work will be viewed more easily and instantly by the International Judges.
